  - bruises, burn marks, welts, rope burns, tufts of hair missing, broken bones – without reasonable explanation
- Malnourishment, dehydration, poor hygiene
- Injuries not being attended to (bed sore, urine sores)
- Onset of sexualized behavior or conduct
- Self-injurious behavior
- Aggressive behavior
- Weight gain or loss
- Discrepancies between a person's standard of living and his/her financial assets
What are the signs and symptoms of the victimization?

"See something"

Emotional (Subtle) Signs

- “Shut down,” withdrawal
- Increased anxiety (nervousness)
- Regression from skills already mastered
- Avoidance or hesitancy around certain people or certain settings
- Changes in eating and sleeping
- Changes in interest of preferred activities
- Angry, irritable, easily frustrated
- Tearfulness, crying
- Apprehension and fearfulness
Who Can Report?

Everyone should report all observed, known or suspected incidents of adult abuse.

Who Is a Mandated Reporter?

Any person who provides health or social services to elderly or dependent adults (whether or not they are paid) is a MANDATED REPORTER. (W&IC 15630(b)(1))

Any mandated reporter, who in his/her professional capacity, or within the scope of his/her employment, has observed or has knowledge of an incident that reasonably appears to be abuse, abandonment, isolation, financial abuse or neglect, or is told by an elder or dependent adult that he/she has experienced behavior constituting abuse, shall report the known or suspected abuse by telephone immediately.
Mandatory Reporting
(If you see something, say something.)

Failure to Report
(It is **against the law** not to report.)

California law mandates that certain individuals report known or suspected instances of elder or dependent adult abuse.

A person who believes or has reason to believe that an endangered adult is the victim of battery, neglect or exploitation and knowingly fails to report is committing a crime, **Class B misdemeanor.**
Statistics on Abuse

- People with I/DD are 10 times more likely to experience abuse
- People with I/DD are more likely to experience repeated abuse
How to lower the risk of abuse incidents and increase awareness

- Create an atmosphere of abuse awareness and action
  - Assume that it can happen, and do not take it for granted that it can’t or won’t happen
- Enforcement of policies
- Being alert and observant (and encouraging the same of others)
- More inclusion and integration decreases the risk
- Training
Improving Our Practices

- Increased collaboration
- Smarter oversight
- Utilizing technology
- Person Centered Thinking

To Improve the Care to the Individuals That We Serve
Future Enhancements

- Continuing to create an atmosphere of abuse awareness and action
  - Do not assume it can’t happen
  - Be aware and observant
  - Abuse reporting refresher training for our vendor community
  - Ongoing training for our service coordinators
  - Everyone has a part, defense in numbers

To Improve the Care to the Individuals That We Serve
In Conclusion

How are you today?

Awful  Not very good  Okay  Really good  Fantastic

See something; say something.
