**Behavior Management Workshop**

Instructor: Dr. Joyce C. Tu & Dr. Shaji Haq  
When: Tuesday’s, January 15, 22, 29 & February 5, 12, 2019 – Time: 6:30-9:00  
Location: 1525 North Tustin Ave, Santa Ana, CA 92705  
Language: English  
Cost: NO CHARGE

This *5-session workshop* will cover the basic principles of positive behavior programming. Its focus will be on helping parents of children with developmental disabilities to change their own behavior and that of their children. Parents will be actively involved in this workshop and will be invited to discuss the specific behavioral challenges they are confronting. **The 5th session on 2/12/2019 will focus on toilet training.** Participants interested in toilet training are also encouraged to attend the first 4 sessions.

**Dr. Joyce C. Tu** received a doctor of education in Educational Psychology specializing in Applied Behavior Analysis from West Virginia University. Dr. Tu has over fifteen years of experience providing trainings, workshops, and supervisions for professionals and parents working with individuals diagnosed with autism and other developmental disabilities. Her specialization and research interests are in the area of verbal behavior, specifically, joint control and its role in listener’s behavior. Dr. Tu has presented a number of times to both national and international professional organizations. She had also consulted in schools for children with autism in China and Bahrain. She was an adjunct professor at California State University, Los Angeles, and Ball State University. At this time, she is an adjunct professor at the Chicago School of Professional Psychology and assistant professor for Florida Institute of Technology. Dr. Tu is the director and co-founder for Center for Behavioral Sciences, Inc. She had served as Association program coordinator for the International Society for Behavirology Conferences. She had also served as President at California Association for Behavior Analysis Board of Directors. Currently, she is the vice president for the B. F. Skinner Foundation.

**Dr. Shaji Haq** earned a doctor of philosophy degree in School Psychology at the University of Oregon. Dr. Haq specializes in the assessment and treatment of severe problem behavior and skill acquisition programming for individuals with autism spectrum disorder. He attended the APA and APPIC-accredited predoctoral internship at Marcus Autism Center, Children’s Healthcare of Atlanta, where he completed rotations in the Severe Behavior Clinic, Language and Learning Clinic, and Pediatric Feeding Disorders Clinic. Dr. Haq presents his research at state and national conferences, such as the annual convention of the Association for Behavior Analysis International, and has publications in peer-reviewed, scientific journals, such as the *Journal of Applied Behavior Analysis, Behavioral Interventions, and Behavior Modification*. Dr. Haq was recently hired as an adjunct professor at The Chicago School of Professional Psychology and is currently the clinical director at the Center for Behavioral Sciences, Inc.

If you have questions about this workshop, please speak with your child’s Regional Center Service Coordinator or Tracy Vaughan, Health Resources Support Specialist, 714-796-5223.
