

Parenting comes with questions. Let's learn together.

Behavior Management Workshop 101

For parents, service coordinators and other interested persons

THURSDAYS • OCTOBER 2026

1 / 8 / 15 / 22 / 29

5:30 p.m. - 8:00 p.m.

Online via Zoom • No charge

Bring your questions, share your experiences, and discover strategies for everyday family life.

This interactive, five-session workshop introduces the basic principles of positive behavior management. Designed for parents of children with developmental disabilities, it focuses on helping parents make changes in their own behavior while supporting positive changes in their children's behavior. Parents will take an active role in the workshop and are encouraged to share the specific behavioral challenges their families are facing. The fifth session will focus on toilet training.

October 29: Toilet training. Parents interested in toilet training are encouraged to attend the first four sessions as well.

MEET YOUR PRESENTER

Ricardo Vela, MA, BCBA

CLINICAL SUPERVISOR

My name is Ricardo Vela, and I am a Board-Certified Behavior Analyst with Footprints Behavioral Interventions. Since beginning my career in 2015, I have had the privilege of supporting individuals with special needs and their families. I specialize in developing, implementing, and teaching treatment goals and behavior intervention plans for individuals with learning differences and challenging behaviors. I completed my graduate studies at Arizona State University in Special Education, with an emphasis in Applied Behavior Analysis. This training gave me the knowledge and practical tools to become a Board-Certified Behavior Analyst (BCBA). Outside of work, I enjoy hiking with family and friends, traveling to new countries with my wife, and playing basketball. I look forward to getting to know your family and sharing strategies to support learning and positive behavior in everyday life.

Come learn with us!
