LEARN THE BASICS OF ABA & TOILET TRAINING STRATEGIES

CONCEPTS

The 5-session workshop will cover the basic principles of positive behavior programming.

Its focus will be on helping parents of children with developmental disabilities to change their own behavior and that of their children. Parents will be actively involved in this workshop and will be invited to discuss the specific behavioral challenges they are confronting. The last session on 6/14 will focus on toilet training. Parents interested in this last training are also encouraged to attend the first 4 sessions.

COST: NO CHARGE

PRESENTED BY Dr. Tran Luu Yang PsyD, BCBA
DIRECTOR OF ASSESSMENTS & CLINICAL SUPERVISOR

Presented in Vietnamese

Dr. Tran Luu Yang joined our Footprints team in 2009. She recently earned her doctorate in Clinical Psychology from the Chicago School of Professional Psychology and published her dissertation on the Risk and Protective Factors of Burnout in the Field of Applied Behavior Analysis. As a doctor in Clinical Psychology and Board Certified Behavior Analyst, Dr. Luu Yang's expertise is in psychological and early developmental assessments, treatment planning, interventions, and consultation. She is committed to serving families and children with Autism and related disorders through providing evidence-based treatment strategies as well as parent consultation and training. In addition, she provides Behavior Management Workshops for Vietnamese families to help empower and increasing their understanding of the effectiveness of Applied Behavior Analysis. As the Director of Assessments, Dr. Luu Yang provides direct oversight and training to our clinical teams and serves as a training mentor for incoming staff. In addition, Dr. Luu Yang serves as our ACE Coordinator and oversees the development of our CEU curriculum.

If you have questions about this workshop, please speak with your child's Regional Center Service Coordinator or contact Tracy Vaughn, the Behavior Management Workshop liaison at (714) 796-5223.
