or Julia Nguyen @ 714-855-8895

LEARN THE BASICS OF ABA & TOILET TRAINING STRATEGIES

CONCEPTS

The 5-session workshop will cover the basic principles of positive behavior programming.

Its focus will be on helping parents of children with developmental disabilities to change their own behavior and that of their children. Parents will be actively involved in this workshop and will be invited to discuss the specific behavioral challenges they are confronting. The last

session on 6/27 will focus on toilet training. Parents interested in this last training are also encouraged to attend the first 4 sessions.

COST: NO CHARGE

PRESENTED BY Nicky Ton, MA, BCBA

CLINICAL SUPERVISOR

Presented in Vietnamese

Mrs. Ton completed her undergraduate studies at University of Oregon. She also received her Master's in Marriage and Family Therapy from Lewis and Clark College in Oregon. In September 2022, she finished her ABA certification from Santa Barbara University and became a Board Certified Behavior Analyst.

She has a range of experiences conducting individual, couples, and family therapy. She also used to work with older adults in Orange County. Her experience in therapy has helped narrow down her interest and that was when she realized she wanted to work with children. She moved to San Diego in 2020 during the pandemic. After a few months of being in the field working as an RBT, she decided to pursue my career in ABA. She loves learning and teaching about behaviors and how it is affected by our environment. The methods of behavior analysis has helped many kinds of learners gain different skills. It is her passion to help provide support and help families receive training so they can support learning and skill practice in their child's life.

If you have questions about this workshop, please speak with your child's Regional Center Service Coordinator or contact Julia Nguyen, the Behavior Management Workshop liaison at (714) 855-8895.
