or Tracy Vaughn (714) 795-5223**

LEARN THE BASICS OF ABA & TOILET TRAINING STRATEGIES

CONCEPTS

The 5-session workshop will cover the basic principles of positive behavior programming.

Its focus will be on helping parents of children with developmental disabilities to change their own behavior and that of their children. Parents will be actively involved in this workshop and will be invited to discuss the specific behavioral challenges they are confronting. The last session on 2/07 will focus on toilet training. Parents interested in toilet training are also encouraged to attend the first 4 sessions.

COST: NO CHARGE

PRESENTED BY: PHOEBE LEE, MA, BCBA
CLINICAL SUPERVISOR

Phoebe Lee joined our Footprints family in 2015 working directly with families and children on all ages as a Registered Behavior Technician. After graduating from the University of California, Irvine in Psychology and Social Behavior, she went on to complete a Masters in Human Behavior with an emphasis in Applied Behavior Analysis. As a Board Certified Behavior Analyst since 2020, she is passionate about seeing her clients, their families, and her behavior technicians shine. She is eager to increase her learning of ABA and deepen her understanding of the autistic community, and provides the best quality of care for those she works with. After a long day, she enjoys cuddling her two cats and re-watching Netflix shows. Fluent in both English and Korean, Phoebe presently consults and supervises Footprints' individualized ABA home, community, and school-based programs. Phoebe also serves as a mentor for aspiring future behavior analyst.

If you have questions about this workshop, please speak with your child's Regional Center Service Coordinator or contact Tracy Vaughn, the Behavior Management Liaison at (714)796-5223
