## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of  
**Regional Center of Orange County, Inc.**

### *Report on the Financial Statements*

We have audited the accompanying financial statements of Regional Center of Orange County, Inc. (the "Center"), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Regional Center of Orange County, Inc. as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Other Matters***

### ***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S., *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented as supplementary information for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

### ***Report on Summarized Comparative Information***

We have previously audited the Center's 2019 financial statements and we expressed an unmodified audit opinion on those audited financial statements in our report dated July 14, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019, is consistent, in all material respects, with the audited financial statements from which it has been derived.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated April 22, 2021, on our consideration of the Center's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Center's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control over financial reporting and compliance.

## NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

---

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### *PURPOSE AND ORGANIZATION*

##### *Organization*

Regional Center of Orange County, Inc. (the “Center”), a California nonprofit public benefit corporation under contract with the State of California Department of Developmental Services (“DDS”), was formed in 1977 to administer programs for individuals with developmental disabilities and their families, which includes diagnosis, counseling, education services, and dissemination of information on developmental disabilities to the public. The Center is one of 21 regional centers within California and serves Orange County.

##### *Governance*

The Center was organized in accordance with the provision of the Lanterman Developmental Disabilities Services Act (the “Lanterman Act”) of the Welfare and Institutions Code of the State of California. The Lanterman Act includes governance provisions regarding the composition of the Center’s Board of Directors. The Lanterman Act states that the Board shall be comprised of individuals with demonstrated interest in, or knowledge of, developmental disabilities, and other relevant characteristics, and requires that a minimum of 50 percent of the governing board be persons with developmental disabilities or their parents or legal guardians; and that no less than 25 percent of the members of the governing board shall be persons with developmental disabilities. In addition, a member of a required advisory committee composed of persons representing the various categories of providers from which the Center purchases client services, shall serve as a member of the Board. To comply with the Lanterman Act, the Board of Directors includes persons with developmental disabilities, or their parents or legal guardians, who receive services through the Center and a client service provider of the Center.

##### *STATE OF CALIFORNIA CONTRACT*

The Center operates under an annual cost-reimbursement contract with DDS under the Lanterman Act. The maximum expenditures under the contract are limited to the contract amount plus interest earned. The Center is required to maintain accounting records in accordance with the Regional Center Fiscal Manual, issued by DDS, and is required to have DDS approval for certain expenses. In the event of termination or nonrenewal of the contract, the State of California maintains the right to assume control of the Center’s operation and the obligation of its liabilities.

## NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *BASIS OF ACCOUNTING*

The Center prepares its financial statements in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), which involves the application of the accrual method of accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred regardless of the timing of cash flows.

#### *CLASSIFICATION OF NET ASSETS*

U.S. GAAP requires that the Center report information regarding its financial position and activities according to two classes of net assets: without donor restrictions and with donor restrictions. Accordingly, the net assets of the Center are classified and reported as follows:

#### *Without Donor Restrictions*

Those net assets and activities which represent expendable funds for operations related to the DDS contract. These accounts also record the activities of a federally-funded program.

#### *With Donor Restrictions*

Those net assets and activities which are donor-restricted for holdings of (a) support of specific operating activities; (b) investment for a specified term; (c) use in a specified future period; (d) the acquisition of long-lived assets; (e) assets donated with stipulations that they be used for a specified purpose, be preserved, and not be sold; or (f) assets donated with stipulations that they be invested to provide a permanent source of income.

As of June 30, 2020, and for the year then ended, the Center did not have any net assets or activities with donor restrictions.

#### *FAIR VALUE OF FINANCIAL INSTRUMENTS*

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The carrying amounts of receivables and accounts payable approximate fair value because of the short maturity of these instruments.

#### *ESTIMATES*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

## NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

---

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *CASH*

Cash is defined as cash in demand deposit accounts as well as cash on hand. The Center considers all financial instruments with a maturity of three months or less when purchased to be cash equivalents. As of June 30, 2020, and for the year then ended, the Center did not have any cash equivalents.

#### *CONTRACT RECEIVABLES*

Contract receivables represent claims billed according to the terms of the contract for costs incurred through the end of the year. Management believes that these receivables are fully collectible and, therefore, has not provided an allowance for doubtful accounts.

#### *STATE EQUIPMENT*

Pursuant to the terms of the contract with DDS, equipment purchases become the property of the State of California and, accordingly, are charged as expenses when incurred. The Center tracks items, which cost more than \$5,000 and have an estimated useful life of more than one year. For the year ended June 30, 2020, there were no equipment purchases, and the equipment disposals were \$35,293. The aggregate equipment costs at June 30, 2020, totaled \$2,142,394.

#### *LEASEHOLD IMPROVEMENTS*

Leasehold improvements not reimbursed by DDS are capitalized and are amortized over the shorter of the asset's life or the term of the lease. As of June 30, 2020, leasehold improvements net of amortization were \$635,933 and are included in other assets on the statement of financial position.

#### *CLIENT TRUST ASSETS AND LIABILITIES*

The Center serves as a representative payee for a portion of its clients. In this fiduciary capacity, it receives social security benefits and other sources of income and makes payments on behalf of certain developmentally disabled clients who are deemed unable to administer the funds themselves. Client Trust transactions are not considered revenue or expenses of the Center. The cash that is received and outstanding receivables, net of inter-fund liabilities, are reported as a liability, net assets held for others, until it is distributed to the respective clients.

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *ACCRUED VACATION AND OTHER LEAVE BENEFITS*

The Center has accrued a liability for vacation and sick leave benefits earned which are reimbursable costs under the contract with DDS; however, such benefits are reimbursed only when actually paid, therefore, these deferred costs are recognized as unbilled reimbursable contract costs receivables - State of California on the statement of financial position. The Center accrues earned vacation up to 320 hours. When the employee separates from service, the employee will receive the unused vacation.

#### *DEFERRED RENT*

The Center leases office facilities under lease agreements that are subject to scheduled acceleration of rental payments. The scheduled rent increases are amortized evenly over the term of the lease in accordance with U.S. GAAP. The deferred rent liability of \$4,865,802 at June 30, 2020, represents the accumulated difference between the cash payments made and the amount expensed since inception of the lease. The DDS reimburses the Center for rent cost after it is paid. Therefore, deferred rent is recognized on the statement of financial position as part of the unbilled reimbursable contract costs receivables - State of California.

#### *REVENUE RECOGNITION – STATE OF CALIFORNIA GRANTS*

The Center has a five-year cost-reimbursement contract with Department of Development Service of state of California (“DDS”) which will expire June 30, 2024. The Center is obligated to provide direct consumer services to persons with developmental disabilities and is reimbursed by DDS for contract related costs based on predetermined rates and budgeted costs. Revenue and expenses are recognized equal to the costs incurred when the Center satisfies its performance obligation by delivering the contracted services to the eligible customers. Any supplemental funds or increases on the current existing contract are accounted for as prospective or cumulative catch-up adjustments. All eligible contract costs that are incurred but not paid, therefore not billed yet, are recognized as revenue and expense on accrual basis. Such billable costs are recorded as receivables in statement of financial position as the contract with DDS will not be canceled. The contract advance represents the funds received at the inception of each contract and are yet to be exhausted against the costs of services expected to be performed and delivered. At the conclusion of each contract, total costs and revenues are reviewed and a final financial settlement is made with DDS. Depending on the date of the service, claims are classified and charged to the appropriate contract as follows:

- Current year
- Prior year
- Second prior year

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *CONTRIBUTIONS*

The Center recognizes all contributions when they are received or unconditionally promised, regardless of compliance with restrictions. Contributions are recognized based on the existence or absence of donor-imposed restrictions. Contributions with donor-imposed restrictions may be expandable or are required to be held in perpetuity.

The satisfaction of a donor-imposed restriction on a contribution is recognized in the period in which the restriction expires. This occurs by increasing one class of net assets and decreasing another in the statement of activities and changes in net assets. These transactions are reported as net assets released from restrictions in the statement of activities and changes in net assets and are reported separately from other transactions.

#### *FEDERAL GRANTS*

Revenue from federal grants is recognized when the Center satisfied its performance obligation by carrying out the activities stipulated in the grant agreement. The Center is a sub-recipient to DDS with regard to the following grant:

#### *U.S. Department of Education*

The Special Education Grants for Infants and Families, which provides funding for early intervention services for infants and toddlers, through age three, as authorized by Public Law 102-119.

#### *INCOME TAXES*

The Center is a qualified organization exempt from federal income taxes under §501(c)(3) of the Internal Revenue Code (“IRC”) and franchise taxes under §23701d of the California Revenue and Taxation Code. Accordingly, it is exempt from federal and California income taxes and is not liable for federal unemployment taxes.

Management evaluated the Center’s tax positions and concluded that they maintained their tax exempt status and had taken no uncertain tax positions that would require adjustment to the financial statements.

Therefore, no provision or liability for income taxes has been included in the financial statements. The 2016 through 2019 tax returns of the Center remain subject to examination by the Internal Revenue Service. In addition, the 2015 through 2019 tax returns remain subject to examination by the California Franchise Tax Board. However, there are currently no examinations pending or in progress.

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *DEFINED BENEFIT PENSION PLAN*

The Center records the unfunded liability of its defined benefit pension plan with California Public Employees' Retirement System ("CalPERS") on the statement of financial position and recognizes the changes in the funded status on the statement of activities and changes in net assets in the year in which the change occurs. The Center's share in the unfunded projected pension benefits obligations is determined in accordance with the provisions of Financial Accounting Standards Board ("FASB") Standards Codification (ASC) 715, *Defined Benefit Plans - Pension*. The Center recognized the incurred but unpaid pension benefits costs as part of the unbilled reimbursable contract cost receivables - State of California on the statement of financial position. Pension benefits costs are billed to DDS when paid by the Center to CalPERS.

#### *FUNCTIONAL EXPENSES ALLOCATION*

The costs of providing the various programs and activities have been summarized on a functional basis in the statements of activities and changes in net assets and functional expenses. Purchase of services, salaries and related expenses are allocated to the program services or general and administrative classes on a direct-cost basis. All other operating expenses are allocated to general and administrative service.

#### *CONCENTRATIONS OF RISKS*

##### *Credit Risk*

Financial instruments, which potentially subject the Center to a concentration of credit risk, principally consist of cash, contract receivable, and receivables from vendors. The Center places cash in deposit accounts, which may at times, exceed the federally insured limit. Through its contract with DDS, the Center is reimbursed for its expenses. The ability of DDS to honor its obligations and to continue funding is dependent upon the overall economic well-being of the State of California. The Center has not experienced any losses in these accounts and believes it is not exposed to any significant credit risk.

#### *SUMMARIZED COMPARATIVE FINANCIAL INFORMATION*

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. GAAP. Accordingly, such information should be read in conjunction with the Center's financial statements as of June 30, 2019, and for the year then ended, from which the summarized information was derived. Certain reclassifications have been made to the 2019's comparative information to conform to the presentation of the current financial statements. The reclassifications have no effect on the classes of net assets or the change in net assets for 2019.

### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *RECENTLY ADOPTED ACCOUNTING PRONOUNCEMENTS*

In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2014-09, *Revenue from Contracts with Customers (Topic 606)* related to revenue recognition. Subsequently, FASB issued several ASUs: 2016-08, 2016-10, 2016-12, 2016-20, and 2017-05 to clarify certain matters related to *Topic 606*. These updates introduce the new 5-step revenue recognition guidance under *Topic 606*, which supersedes the revenue recognition requirements under *Topic 605, Revenue Recognition*. The new guidance establishes the principles to report useful information to users of financial statements about the nature, timing, and uncertainty of revenue from contracts with customers. The Center adopted ASC 606 effective July 1, 2019, which had no material impact on the financial statements.

On June 21, 2018, the FASB issued ASU 2018-08, *Not-for-Profit Entities (Topic 958) Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This update provides clarifying guidance on accounting for the grants and contracts of nonprofit organizations as they relate to the new revenue standard (ASU 2014-09 *Revenue from Contracts with Customers*), and aims to minimize diversity in the classification of grants and contracts that exists under current guidance. Under this new guidance, nonprofits will need to recognize revenues as either exchange (reciprocal) transactions or non-exchange (nonreciprocal) transactions. The Center adopted ASU 2018-08 effective July 1, 2019, which had no material impact on the financial statements.

#### *RECENT ACCOUNTING PRONOUNCEMENTS*

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. ASU 2016-02 will require lessees to recognize for all leases (with terms of more than 12 months) at the commencement date the following: a) a lease liability, which is a lessee’s obligation to make lease payments arising from a lease, measured on a discounted basis, and b) a right-of-use asset, which is an asset that represents the lessee’s right to use, or control the use of, a specified asset for the lease term.

The new lease guidance also simplified the accounting for sale and leaseback transactions primarily because lessees must recognize lease assets and lease liabilities. This ASU’s effective date had two one-year delays and is now effective for fiscal years beginning after December 15, 2021; and early application is permitted. Management is evaluating the impact of this guidance.

### NOTE 2 - CONTRACT RECEIVABLES – STATE OF CALIFORNIA

Under the terms of DDS contracts, funded expenditures are not to exceed \$482,228,402, \$429,388,063, and \$401,334,581 for the fiscal years 2019/20, 2018/19, and 2017/18, respectively. As of June 30, 2020, actual net expenditures under the 2019/20, 2018/19, and 2017/18 contracts were \$473,876,935, \$415,430,141, and \$396,831,693, respectively.

Contract receivables as of June 30, 2020, consist of the following:

Claims submitted:	
Current year	\$ 144,918,029
Prior year and second prior year	<u>2,219,031</u>
<b>Total</b>	<b><u>\$ 147,137,060</u></b>

### NOTE 3 - UNBILLED REIMBURSABLE CONTRACT COSTS RECEIVABLES – STATE OF CALIFORNIA

The contract with DDS stipulates that if the contract is terminated with approval from DDS, the DDS shall pay the accrued benefits and existing contracts. Accrued benefits shall include vacation, sick leave, and any other benefits. The Center's management, based on the fact that DDS has paid all claims of such benefits and costs that have been claimed by the Center since its inception of operation, believes that the entire balance of the receivables is collectible.

Unbilled reimbursable contract costs receivables as of June 30, 2020, consist of the following:

Unfunded defined benefit plan obligations	\$ 121,424,122
Deferred costs for rent liability	4,865,802
Deferred costs for accrued vacation and other leave benefits	<u>2,273,758</u>
<b>Total</b>	<b><u>\$ 128,563,682</u></b>

### NOTE 4 - INTERMEDIATE CARE FACILITIES – STATE PLAN AMENDMENT

During the year ended June 30, 2011, various legislative changes were made to the California Welfare and Institutions Code retroactive to July 1, 2007, making Intermediate Care Facility (“ICF”) providers responsible for billing and receiving payment for day programs and transportation services; and ultimately, making such services eligible for reimbursement under California’s Home and Community Based Services Program, which is funded by the Medicaid Waiver grant (“Medicaid”).

Previously, such services provided to the residents were not reimbursable by Medicaid because the funds were not directly billed and received by the ICFs. The legislative changes allow for DDS to bill these services to Medicaid and capture federal funds.

DDS directs the Center to prepare billings for these services on behalf of the ICFs. The billings include a 5.5% Quality Assurance fee for the State of California Department of Health Care Services, a 1.5% administrative fee for the ICFs and a 1.5% administration fee for the Center.

Effective July 1, 2012, DDS directed the Center to prepare billings for these services on behalf of the ICFs and submit a separate state claim report for these services in addition to paying the ICFs directly for their services. The Center was directed to reduce the amount of their regular state claim to DDS by the dollar amount of these services. Reimbursement for these services will be received from the ICFs. DDS advances the amount according to the state claim to the ICFs. The ICFs are then required to pass on the payments received, as well as the Center’s administrative fee to the Center within 30 days of receipt of funds from the State Controller’s Office.

The receivable from ICFs in the amount of \$5,853,534 represents the amount DDS paid or will pay to the ICFs net of the ICF’s administrative fee and Quality Assurance fee in relation to the billings prepared beginning July 1, 2012, and the payable to DDS of \$52,523, represents the amount expected to be paid net of the Center’s fee in relation to the billings prepared on or before June 30, 2012. Revenue from ICFs for the year ended June 30, 2020, was \$9,153,586.

### NOTE 5 - CONTRACT ADVANCE – STATE OF CALIFORNIA

Contract advance represents in advance payments from DDS to the Center at the beginning of each fiscal year to provide interest-free working capital. DDS uses its discretion in determining the balance on a month-to-month basis. It is DDS’ sole discretion whether the advance will be paid by offsetting the contract receivable partially or in full. Due to the lack of mutuality offsetting rights, the contract advance is presented separately from the contract receivables on the statement of financial position. As of June 30, 2020, contract advance balance was \$117,209,654.

### NOTE 6 - LINE OF CREDIT

The Center had a revolving line of credit with MUFG Union Bank, N.A. whereby it may borrow up to \$44,500,000 through the maturity date, September 30, 2020. In March 2021, the line of credit was renewed and matures on September 30, 2021, and is secured by substantially all of the Center's assets with interest at the bank's reference rate. At the closing of business on June 30, 2020, the interest rate was 3.25% per annum. During the year ended June 30, 2020, the Center had not drawn on the line of credit.

### NOTE 7 - NET ASSETS HELD FOR CLIENTS

The changes in net assets held for clients for the year consist of the following:

<b>Beginning Balance</b>	\$ 444,701
Client support received	1,978,875
Less: purchase of services and disbursements	<u>(2,097,177)</u>
<b>Ending Balance</b>	<u>\$ 326,399</u>

### NOTE 8 - DEFINED BENEFIT PENSION PLAN

The Center contributes to CalPERS for retirement benefits. CalPERS is an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating public entities within California. Substantially all of the Center's employees participate in CalPERS.

FASB ASC 715-30, *Defined Benefit Plans – Pension*, requires the Center to recognize the funded status of a defined benefit retirement plan as an asset or liability in its statement of financial position and to recognize changes in that funded status in net assets without donor-imposed restrictions in the year in which the change occurs.

The Center has two retirement plans with CalPERS. The first plan is a 2%-at-age-55 formula, which closed as of December 31, 2012. All eligible employees hired prior to January 1, 2013, participate in this plan. The second plan is a 2%-at-age-62 formula, which was established by the Public Employees' Pension Reform Act of 2013; and, all eligible employees hired on or after January 1, 2013 participate in this plan. The total required employee contributions are 7% of earnings for the 2%-at-age-55 plan and 6.25% of earnings for the 2%-at-age-62 plan. The Center is required to contribute the remaining amounts necessary to fund the benefits for its employees, using the actuarial basis adopted by the CalPERS Board of Administration.

### NOTE 8 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

The CalPERS Board of Administration adopted changes to the demographic assumptions based on the most recent experience study. The most significant of these is acknowledgement that members are living longer and that this trend will continue. The actuarial assumptions and methods used in CalPERS public agency valuation are approved by the Board of Administration upon the recommendation of the Chief Actuary.

The excess of the total actuarial accrued liability over the market value of plan assets is the unfunded actuarial accrued liability. Funding requirements are determined by adding the normal cost and an amortization of the unfunded liability as a level percentage of assumed future payoffs.

Net periodic benefit cost for the year ended June 30, 2020, is as follows:

Service cost	\$ 10,553,291
Interest cost	6,547,527
Expected return on plan assets	<u>(6,671,728)</u>
<b>Net Periodic Benefit Cost</b>	<b><u>\$ 10,429,090</u></b>

Net periodic benefit cost is included in salaries and benefits expenses on the statement of activities and changes in net assets.

Pension benefit changes other than net periodic benefit costs during the year ended June 30, 2020, are as follows:

Assumption changes	\$ 28,072,144
Investment experience	<u>1,905,446</u>
<b>Changes Other Than Net Periodic Benefit Costs</b>	<b><u>\$ 29,977,590</u></b>

**NOTE 8 - DEFINED BENEFIT PENSION PLAN (CONTINUED)**

The assumptions used in the measurement of the benefit obligations at June 30, 2020, are as follows:

Discount Rate	2.97%
Long-term rate of return	7.00%
Salary scale	4.00%
Maximum benefit and annual compensation limit increases	2.50%

CalPERS long-term rate of return on plan assets is 7% which is determined in consultation with CalPERS investment staff and advisors. The annual pension expense under ASC 715 is based on the expected return on plan assets during the fiscal year.

For the mortality rate, the actuary used the male and female, Pri-2012 Total Dataset Mortality Tables projected forward using Mortality Improvement Scale MP-2020 on a generation basis. This assumption is expected to be a best estimate of future mortality experience, being based on the latest published study by the Society of Actuaries, which was finalized in October 2020.

The Plan is reported as a pension trust fund, and is accounted for using the accrual basis of accounting. Contributions to the plan are recognized in the period in which the contributions are due pursuant to legal requirements. Member contribution rates are defined by law and depend on the respective employer's benefit formulas. Member and employer contribution rates are determined by periodic actuarial valuations. Actuarial valuations are based on the benefit provisions and employee groups of each employer. Benefits and refunds are recognized when currently due and payable in accordance with the terms of each rate plan.

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

#### ***Level 1***

Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Center has the ability to access.

#### ***Level 2***

Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

#### ***Level 3***

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

### NOTE 8 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan assets of \$102,321,815 are held in a pooled investment account managed by CalPERS and are considered Level 3 investments.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid in the fiscal years ending June 30:

#### *CONTINGENCIES*

The majority of the Center's funding is provided under an annual contract with DDS. If a significant reduction in the level of funding provided by DDS were to occur, it may have an effect on the Center's programs and activities.

The Center's contract with DDS provides funding for services under the Lanterman Act. In the event that the operations of the Center result in a deficit position at the end of the contract year, DDS may reallocate surplus funds within the State of California system to supplement the Center's funding. If a system-wide deficit occurs, DDS is required to report to the Governor of California and the appropriate fiscal committee of the State Legislature and recommend actions to secure additional funds or reduce expenditures. DDS' recommendations are subsequently reviewed by the Governor and the Legislature and a decision is made with regard to specific actions, including the possible suspension of the entitlement.

The Center's revenue, which is derived from restricted funding provided by DDS, is subject to audit by DDS. According to the terms of the contract with the DDS, an audit may be performed by authorized DDS representatives. Should such an audit disclose any unallowable costs, the Center may be liable to DDS for reimbursement of such costs. In the opinion of the Center's management, the potential effect of any disallowed costs would be immaterial to the financial statements as of June 30, 2020.

### NOTE 9 - COMMITMENTS AND CONTINGENCIES (CONTINUED)

#### *CONTINGENCIES (CONTINUED)*

The Center has elected to self-insure its unemployment insurance using the prorated cost-of-benefits method. Under this method, the Center is required to reimburse the State of California Employment Development Department for the benefits paid to certain former employees. As of June 30, 2020, the Center had \$586,306 in a reserve cash account to pay any potential unemployment claims.

The Center is involved in various claims and lawsuits arising in the normal conduct of its operations. The Center's management believes it has adequate defenses and insurance coverage for these actions and, thus, has made no provision in the financial statements for any costs relating to the settlement of such claims.

### NOTE 10 - LIQUIDITY AND FINANCIAL RESOURCES

The Center has various sources of liquidity at its disposal, including cash and contact receivables, which are available for general expenditures, liabilities and other obligations as they come due. Management regularly reviews the cash flow needs and focuses on maintaining sufficient liquidity throughout the year. To help manage unexpected liquidity needs, the Center has obtained a line of credit of \$44,500,000.

The Center's financial assets available within one year of the statement of financial position date for general expenditures at June 30, 2020, were as follows:

### **NOTE 11 - RISK AND UNCERTAINTY**

The global economy has been impacted by a pandemic outbreak of the COVID-19 virus, including the United States of America during March 2020. This has resulted in many businesses temporarily closing or working in remote environments. The Center does not yet know the full extent of the potential impact, if any, this may have on their business operations, no specific material adverse matters have been identified or estimable. The Center will continue to monitor the COVID-19 situation closely and revise their estimates in future periods, as necessary. The Center believes that no disclosures in or adjustments to the financial statements are required as a result of these matters.

### **NOTE 12 - SUBSEQUENT EVENTS**

The Center has evaluated all subsequent events through April 22, 2021, the date the financial statements were available to be issued. Except for the matter discussed in Note 6, no events requiring recognition or disclosure in the financial statements have been identified.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors of  
**Regional Center of Orange County, Inc.**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Regional Center of Orange County, Inc. (the "Center"), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated April 22, 2021.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the Center's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Center's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Center's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR  
EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of  
**Regional Center of Orange County, Inc.**

***Report on Compliance for Each Major Federal Program***

We have audited Regional Center of Orange County Inc.'s (the "Center") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Center's major federal program for the year ended June 30, 2020. The Center's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for the Center's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S., *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Award* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Center's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, the Center complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2020.

### ***Report on Internal Control Over Compliance***

Management of the Center is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Center's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activities of Regional Center of Orange County, Inc. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S., *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the Center, it is not intended to, and does not present the financial position, changes in net assets, or cash flows of the Center.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as a reimbursement.

### NOTE 3 - INDIRECT COST RATE

The Center has elected not to use the 10% de minimis indirect cost rate.
