Performance Report for Orange County Regional Center

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve individuals and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about Regional Center of Orange County (RCOC).

Last year, RCOC served about 27,690 individuals. The charts on page two tell you about the individuals RCOC serves. You will also see how well we are doing in meeting goals and in fulfilling our contract with DDS.

At RCOC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. RCOC also strives to exceed prior year outcomes where applicable.

We hope this report helps you learn more about RCOC. If you have any questions or comments, please contact us!

This report is a summary. To learn more about this report, go to: www.rcocdd.com or contact Jack Stanton at (714) 796-5308.

These charts tell you about who RCOC individuals are and where they live.

How well is RCOC performing?

This chart tells you five areas where DDS wants each regional center to keep improving.

The first column tells you how RCOC was doing last reporting period, and the second column shows how RCOC was doing at the end of fiscal year 2024-25.

To see how RCOC compares to the other regional centers in the state, compare the numbers to the state averages (in the shaded columns).
