

Request for Proposal

From Self-Determination Local Advisory Committee for RCOC

Issued on November 6, 2023

Deadline for submission: February 29, 2024

Background: Self-Determination Program Local Advisory Committees (SDP LAC's) were established by law to provide oversight of the Self-Determination Program (SDP) and make recommendations for improvement to each local regional center and the Department of Developmental Services. Periodically, funds are granted by the Department of Developmental Services (DDS) to the SDP LAC's and Regional Centers to support the implementation of the SDP. The SDP LAC for Regional Center of Orange County (RCOC) has prioritized the needs in the local area for the use of the first provision of funds, and is seeking proposals from interested parties to carry out the below project which the committee wishes to fund.

Project Proposal/Description: Person-centered Planning (PCP) Training for Participants and Families

Person-centered Planning (PCP) gives the participant's agency to choose how they want to live their life, including what their goals are and what they need. The National Association of State Directors of Developmental Disabilities (NASDDDS) defined PCP as ... "a way to assist people who need support in their life to construct and describe how they envision their life, their goals, what they need, and how they prefer their needs be met, in order to include purpose and meaning in their life."

Proposals are being accepted that teach persons with developmental disabilities and their families about Person-centered Planning (PCP), its role in the Self-Determination Program, how to start a written PCP plan, and the Independent Facilitator's (IF) role in the PCP process.

The organization of the training may include an overview of PCP and the significance it plays in the SDP, followed by two individual or small group training courses that will focus on starting a PCP plan and the role an IF plays in the PCP process. The training may include time for attendees to brainstorm ideas for their PCP plan. For a period of thirty days after the training is conducted, attendees may submit questions about the PCP plan to the trainers. The training may be conducted remotely via Zoom or in-person with the option for attendees to participate by Zoom. The training must be available in English, Spanish, Vietnamese, and other languages upon request.

Total funding available: Amount to be determined (approved by LAC on 11/6/2023)
Project must be completed by February 29, 2024.
