

RCOC may also fund for necessary support to facilitate meaningful participation in social and recreational activities, in lieu of the cost of the activity itself, if the Planning Team identifies a need and it is incorporated into the Individual Program Plan.

**B. Levels of Service**

The type of program and frequency shall be based on the needs of the person served as determined by the Planning Team.

1. Social and recreational activities may occur once or twice weekly for 6 hours total per week, but is based on the frequency and quantity of services assessed and determined to be needed within the Planning Team process.
2. If the service being authorized is a camp, one session, up to two weeks per year, may be authorized.

**C. Period of Service/Renewal**

1. In accordance with the Individual Program Plan, services will be reviewed at regular intervals to monitor progress and ensure continued need.
2. Purchase of Service authorizations for social and recreational activities will generally be written for a 6 to 12-month period, as determined by the Planning Team, or for the specific timeframe the activity is offered.
3. Purchase of Service renewals for social and recreational activities will be authorized upon agreement by the Planning Team that reasonable progress toward IPP objectives has occurred and the service continues to be needed.
